TOPONA - A Game of Historic Surprises!

TOPONA is an easy to play game about the historic accomplishments and contributions of North America's First People. It is both fun and educational, including both Junior and Advanced versions so young and old can play together. TOPONA has nearly 500 interesting, surprising and little known facts about our continent's first people - from the far north arctic region to the southern meso-American region.

A game the whole family can play.

GAME		
P 100-G	POW WOW OPOLY	48.95

A game that is both educational and fun for the whole family.

How great it is to see our culture in a format that is fun and accessible to all people of all ages, to share the little idiosyncracies that make us "Indian."

After playing Pow Wow Opolo you will know what an Indian Taco is, or that we always carry a little duct tape in our "Indian Car" for quick repair jobs on our travels, and we usually have a spare blanket in the trunk and an extra hand drum just in case.
