Fourteen Families in Pueblo Pottery  
 By Rick Dillingham  
 289 pages \$37.50

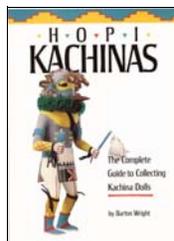

In 1974 *Seven Families in Pueblo Pottery* was published to accompany an exhibit at the Maxwell Museum of Anthropology; twenty years later there are some 80,000 copies in print. This updated and greatly enlarged version includes portraits of the potters, color photographs of their work, and a statement by each potter about the work of his or her family. In addition to the original seven - the Chino and Lewis families (Acoma Pueblo), the Nampeyas (Hopi), the Gutierrez and Tafoya families (Santa Clara), and the Gonzales and Martinez families (San Ildefonso) - the author has added the Chapellas and the Navasies (Hopi-Tewa), the Charvarias (Santa Clara), the Herrera family (Cochiti), the Medina family (Zia), and the Tenorio-Pacheco and the Melchor families (Santo Domingo). Because the craft of pottery is handed down from generation to generation among the Pueblo Indians, this extended look at multiple generations provides a fascinating and personal glimpse into how the craft has developed.

Clowns of the Hopi  
 Tradition Keepers and Delight Makers  
 By Barton Wright  
 136 pages \$14.95

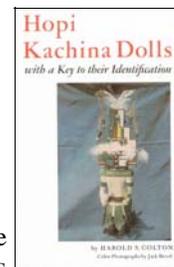

In Hopi, a sacred clown is a combination of jester, priest, and shaman, and can serve many purposes. Clowns amuse audiences through their silly antics, intensify rituals by contrasting the sublime and the ridiculous, and control non-conformist behavior through comic object lessons. Hopi clowns are truly the ultimate tradition keepers and the supreme delight makers. This guide to Hopi clowns identifies and illustrates the personages considered to be clowns (and those that are not), explains the purposes of the various clowns, provides historical background, and delves into the Hopi carvers' popular representations of these figures as dolls or tihus.

Hopi Kachina Dolls  
 By Harold S. Colton  
 150 pages \$15.95

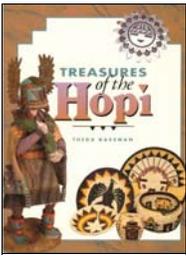

Kachinas are difficult to classify because different Hopi pueblos have different ideas about their appearance and their function. The late Dr. Harold S. Colton identified 266 different kinds of kachina dolls, and in this book he describes the meaning, the making, and the principal features of all of them. Each type of doll is pictured in a simplified line drawing. There is also an illustrated key to help the collector identify the various types.

**Hopi Coyote Tales**  
Istutuwutsi  
By Ekkehart Malotki and Michael Lomatuway'ma  
343 pages \$29.95

This volume brings together 21 traditional tales recently retold by Hopi narrators. Complete with English translations and original Hopi transcriptions on facing pages and a bilingual glossary, *Hopi Coyote Tales* is important to an understanding of the Hopi language and folklore. To nomadic hunters such as the Navajo, Coyote was by turns a formidable trickster, a demonic witchperson, and a god. AS sedentary planters, the Hopi tended to reduce Coyote to the level of a laughable fool. In these tales Coyote is a friendly bumbler whose mistakes teach listeners what tricks to avoid. Time after time he is hurt or killed for failing to understand a situation correctly. The collection is as amusing as animal fable should be, as simply told, and as instructive.

**The Fourth World of the Hopis**  
By Harold Courlander  
239 pages \$16.95

Here the noted folklorist brings together traditional accounts of epic events and adventures in the life of Hopi clans and villages, from legendary to historic times. Notes, a pronunciation guide, and a glossary enhance the reader's appreciation of the text.
