## EMBRACE OF THE SERPENT

At once blistering and poetic, the ravages of colonialism cast a dark shadow over the South American landscape in the 2016 Academy Award nominated *Embrace of the Serpent*. Filmed in stunning black and white, *Serpent* centers on Karamakate, an Amazonian shaman and the last survivor of his people, and the two scientists who, over the course of 40 years, build a friendship with him. The film was inspired by the real-life journals of the two explorers who traveled through the Colombian Amazon during the last century in search of the sacred and remote psychedelic Yakruna plant. 125 minutes. Not Rated.

## CRAIG ELKSHOULDER, JANELLE TURTLE,

### NELSON TURTLE JR

### **- CHEYENNE PEYOTE SONGS**

The Northern and Southern Cheyenne have a closeness in language, ceremony, custom and tradition. The Peyote Ceremony has associated the two in close reference to an actual tribal ceremony. The Turtle and Elkshoilder families are distinct in style, which are commonly known amongst people throughout the Native American community. Legend has it that Comanche Chief Quannah Parker shared the medicine with each tribe. This album of 32 Cheyenne Peyote Songs is in gratitude of the medicine and the songs are in reflection of it.
